APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights. The statement under question No. 7 herein must be complied with. The applicant must install a standard wier and headgate as provided by law, to facilitate the measurement and control of water. For the purpose of storing water in the reservoir mentioned above, the applicant may divert the amount of water necessary during flood season to impound a maximum of 2400 acre feet of water.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Eight (8) cubic feet per second.

Actual construction work shall begin on or before December 2nd, 1912.

Proof of commencement of work shall be filed before January 2nd, 1913.

Work must be prosecuted with reasonable diligence and be completed on or before December 2nd, 1916.

Application of water to beneficial use shall be made on or before December 2nd, 1917.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before January 2nd, 1918.

WITNESS MY HAND AND SEAL this 2nd day of October, 1912.
